6 Hours of Continuing Education

Approved by [the Wisconsin Department of Commerce]

WISCONSIN DEPARTMENT OF SAFETY AND PROFESSIONAL
SERVICES-SAFETY AND BUILDINGS

Commercial Electrical Inspector

Journeyman Electrician License

Master Electrician License

UDC-Electrical Inspector

Comm 16 and 2008NEC

This 6 hour course covers the Wisconsin Department of Commerce [Wisconsin Department of Safety and Professional Services-Safety and Buildings as of June 30, 2011] Chapter Comm 16 - Electrical and is also meant to familiarize electrical workers with the NEC code book.

The material in part 1 covers administration and enforcement; general requirements; changes, additions, or omissions to the NEC; and electrical inspection. This section consists of 90 multiple choice answers of which all answers can be found in Comm 16 (Review Materials attachment).

Part 2 consists of 90 multiple choice questions covering the introduction, definitions and requirements for electrical installations. All answers for part 2 can be found in the 2008 NEC code book. **Note the 2008 NEC code book is not included with the reference materials. You will need to use your 2008 NEC booklet for this section.**
