This course (15898- 3 Hour) is designed to familiarize Electrical workers with SPS 316-Electrical.

This Course is approved for the following electrical Registrations/Certifications or Licenses:

Commercial Electrical Inspector	3 Hours of Continuing Education
Industrial Journeyman Electrician	3 Hours of Continuing Education
Journeyman Electrician	3 Hours of Continuing Education
Master Electrician	3 Hours of Continuing Education
Registered Electrician Registration	3 Hours of Continuing Education
Residential Journeyman Electrician	3 Hours of Continuing Education
Residential Master Electrician	3 Hours of Continuing Education
UDC Electrical Inspector	3 Hours of Continuing Education

On December 16, 2010 OSHA issued Compliance Guidance for Residential Construction which rescinded the Interim Fall Protection Compliance Guidelines for Residential Construction. Scaffolding is one component of the residential construction fall hazard regulations. This compliance directive from OSHA covers all aspects of individuals involved in the construction trades, including: Carpenters, Electricians, Heating and Ventilation Installers, Plumbers, Sprinkler Installers, Elevator Mechanics and Inspectors.

This course is intended to assist employers and employees in their efforts to comply with the current OSHA scaffold requirements for construction work, as falls are the leading cause of death for workers engaged in residential construction.

This course is a distance learning or e-learning course, which allows the attendee to complete the course on their time schedule.

MAIN TOPICS COVERED

- Scaffold Introduction
 - Ladders and Stairways
 - Stair Towers
 - Ramps and Walkways
- Scaffold Use in the Construction Industry
- General Requirements for Scaffolds
- Criteria for Suspended Scaffolds
- Access Requirements
- Fall Protection Requirements
- Specific Scaffold Requirements
- Aerial Lift Requirements
- Appendix
 - Definitions used in the document

Exam

Forty questions related to the reference materials are used to test the attendee on their comprehension of the materials. A 70% score will need to be attained in order to pass this course.
